

Double Your Dollars Matching Gifts Programs

Countless companies have programs that will match their employees' donations to any registered nonprofit organization. Just request a Matching Gift Form from your employer, complete your part, and send it in to Girl Scouts of Hawai'i along with your donation. We will fill in our part and send it back to the company. Sometimes, it can even be accomplished all online.

The following companies have indicated in the past that they have Matching Gift Programs. *However, this is not a comprehensive list.* Please check with your Human Resources office to see if your company participates.
