

Sharing girl scouts stories of hawai`i

WIDER OPPORTUNITIES

My favorite part of scouting was "**Wider-Ops**". I went to the White House and **met Barbara Bush**. I also did **an internship at the Mayo Clinic** with a Medical Science opportunity. The wider ops I participated in certainly shaped my career aspirations and **helped me earn my Gold Award**. Lastly, I **volunteered at a camp in Germany** "Camp Lachenwald" for Scouts who had parents serving in the military.

I hope my daughter, Olivia, and all our troop 808 Scouts will have as many great adventures as I did.
