

# Return to Girl Scout Activities\* Criteria

\* Troop Meetings or gatherings, Troop, Service Unit and Council camps, events and programs. Community Events as a Girl Scout Troop

Girl Scouts of Hawai'i encourages all Volunteers and Members that are eligible to receive the Covid-19 Vaccine. We encourage individuals and parents to speak with your Health Care Professionals when making decisions regarding the COVID-19 Vaccine.

**GSH Vaccine policy:** Anyone attending in-person Council Events or Camps are required to submit our COVID waiver form. Submit current Girl and Adult Health forms to your troop or council each membership year. Available at: [gshawaii.org/forms](https://gshawaii.org/forms).

Do you or any member of your household have any of these symptoms?

**If yes, don't attend Girl Scout Activities!**

|--|--|
| <input type="checkbox"/> Fever (100°F+ temp. or hot to the touch)    | <input type="checkbox"/> Headache                          |
| <input type="checkbox"/> Chills                                      | <input type="checkbox"/> New loss of taste or smell        |
| <input type="checkbox"/> Cough                                       | <input type="checkbox"/> Sore throat                       |
| <input type="checkbox"/> Shortness of breath or difficulty breathing | <input type="checkbox"/> Congestion or runny nose          |
| <input type="checkbox"/> Fatigue (tiredness or weakness)             | <input type="checkbox"/> Nausea or vomiting (stomach ache) |
| <input type="checkbox"/> Muscle or body aches                        | <input type="checkbox"/> Diarrhea                          |

Be a Sister To Every Girl Scout  
Help us keep our Community Healthy & Safe!

Do any of the following apply to you or any member of your household?

**If yes, don't attend Girl Scout Activities!**

1. Recently tested positive for COVID-19
2. Required to quarantine due to possible COVID-19 exposure (e.g. travel)
3. Living with someone with COVID-19
4. You or a household member are waiting for COVID-19 test results
5. Recent close contact with someone with COVID-19

## Girl Scouts we need your help!

If you have participated in a Girl Scouts event and were in close contact with someone with COVID-19

1. If you have participated in a program and a member of your household subsequently tests positive for Covid-19 **Please contact Girl Scouts of Hawai'i immediately.**
2. Notify GSH Representative Kim Morris at 808-675-5512 (Office Direct Line) OR 808-225-7390 (Cell).
3. If you cannot reach Kim, notify Kristy Ryan at 808-675-5524 (Office Direct Line) OR 808-738-6698 (Cell).
4. Do not release any information to anyone else, even your fellow Girl Scouts. Girl Scouts of Hawai'i will begin contact tracing procedures and as appropriate notify health department partners.

For Someone Who Is a Close Contact of a Confirmed COVID-19 Case

**Must meet ALL criteria below**

1. Must quarantine until 10 days\* after date of last exposure and if continued exposure, 10 days after the confirmed case is released from isolation.
2. Monitor for any COVID-19-like symptoms of illness for 14 days.

Parents are encouraged, but not required, to provide Troop Leaders with medical proof or information related to COVID-19 vaccinations, symptoms or treatment.

1. Members that arrive or experience symptoms during a program are subject to being sent home from the Girl Scout program until their symptoms have passed.
2. No known risk of recent exposure to COVID-19.
3. At least 24 hours have passed since last fever without the use of fever-reducing medication.
4. Symptoms have improved.

Negative COVID-19 Test

1. Proof of a negative COVID-19 test result.
2. At least 24 hours have passed since last fever without the use of fever-reducing medication.
3. Symptoms have improved.

At least 10 Days

1. At least 10 days have passed since symptoms first appeared.
2. At least 24 hours have passed since last fever without the use of fever-reducing medication.
3. Symptoms have improved.

Doctor's Note

1. A signed note from a licensed medical provider is required for Council Programs & Camp
2. At least 24 hours have passed since last fever without the use of fever-reducing medication.
3. Symptoms have improved.
