

SHELEE KIMURA

**Senior VP, Customer Service
Hawaiian Electric Company**

Shelee Kimura is responsible for Customer Service operations for the Hawaiian Electric Companies. This includes customer relations, meter reading, field services, revenue management and customer solutions. She also oversees the strategy, policy, operations and programs for customer-sited energy resources, which are critical components of Hawaiian Electric's plan to achieve 100 percent renewables by 2045.

Shelee previously served as Senior Vice President of Business Development & Strategic Planning overseeing the areas of business development, corporate strategy, renewable generation procurement, contracts, demand response and electrification of transportation. She provided leadership for the development of Hawaiian Electric's strategic transformation plan as well as co-led its Transformation Program and led several of its strategic initiatives to create more options for customers, integrate more renewables and create new markets.

In 2016, the Clean Energy Education and Empowerment (C3E) program led by the U.S. Department of Energy, in collaboration with the Stanford Precourt Institute for Energy and the MIT Energy Initiative, awarded Shelee with the C3E Business award for her leadership and achievement. Shelee served as manager of Investor Relations and Strategic Planning at Hawaiian Electric Industries (HEI) and Director of Corporate Finance and Investments. Prior to that, she was a consulting manager at Arthur Andersen and its successor firm, KMH LLP. Shelee holds a Bachelor of Business Administration degree from the University of Hawai'i at Mānoa and is a graduate of the Advanced Management Program of the Wharton School of the University of Pennsylvania. She serves on the audit committee of Kamehameha Schools and the University of Hawaii Outreach College Advisory Council.
