About our properties:

Camp Paumalū is located on the forested ridges of a picturesque 135-acre site overlooking O‘ahu’s north shore. Paumalū is located 3 miles above Sunset Beach. The camp includes four self-contained sites as well as several central camp facilities, which includes a kitchen, dining area, health center, craft hut, and pool. The site’s four units provide sleeping accommodations for approximately 150 people. Our newly rebuilt campsite (Unit 1: Makaha) has 8 new solar powered cabins and composting toilets.

Our state-of-the-art STEM Center for Excellence features a Commercial Kitchen, Health Center, Dining Activity Room, Computer Center, Innovation Center, Observation Deck overlooking a courtyard field and a large Outdoor Lanai.

Camp Pi‘iholo is located in the secluded up-country Makawao area of Maui. Pi‘iholo can be described as an intimate tree-surrounded getaway, approximately 20-30 minutes from the airport at Kahului and an hour and a half from Lahaina. It is ideal for small-to-medium camping groups, outdoor programs and conferences. Pi‘iholo has a kitchen and lodge area and will accommodate up to 50 people.

Camp Kilohana is located on Saddle Road, 10 miles from the Waimea side junction, and 44 miles from Hilo, this 6.83-acre camp is the best site for meetings, retreats, stargazing, or just studying nature.

Nearby points of interest include the Nene Goose Sanctuary, Onizuka Center of Astronomy located on Mauna Kea and Mauna Loa Observatory. At an elevation of 6,000 feet, this site experiences a variety of weather conditions. Kilohana is perhaps the most rustic of all our Girl Scout camps. There is a kitchen and dining area. The only water comes from a catchment tank adjacent to the main lodge and it is not meant for drinking. There is electricity powered by a generator in the lodge only. Camp Kilohana can comfortably accommodate 80 people.
