STEM

Explore → Experiment → Innovate

STEM

Explore → Experiment → Innovate

Research shows that girls are keenly interested in STEM and excel at it. When girls participate in focused STEM programs, they are more interested in STEM and careers in tech—including app development, robotics, coding, and cybersecurity—and they:

- Become better problem-solvers and critical thinkers (OR learn to think scientifically to solve problems)
- Have confidence in their STEM skills and abilities
- Get excited about STEM subjects and want to learn more about them
- Learn the importance and relevance of STEM to people and society and options for their own career paths

Camp & Outdoors

See → Feel → Learn → Connect

Outdoors

See → Feel → Learn → Connect

The outdoors is at the heart of the Girl Scout experience!

Through camping, hiking, and outdoor adventures, girls build confidence, courage, and a lifelong appreciation for nature.

Whether **pitching a tent** or **caring for the environment**, the outdoors empowers girls to **connect with the world** around them and bond with each other in new environments.

When Girl Scouts get outside, they:

- Discover that they can better solve problems and overcome challenges
- Develop leadership skills, build social bonds, and are happier overall
- Become team players and care more about protecting our environment

First Aid & Wilderness Trainings

A Girl Scout is always prepared.

First Aid & Wilderness Trainings

First Aid Training- \$40

Covers how to respond to common injuries and emergencies in everyday settings – like troop meetings, events, or short outings where help is nearby.

Wilderness First Aid Training - \$45

Goes a step further, preparing volunteers to handle medical situations in remote or outdoor environments where emergency services may be delayed. It's ideal for camping, hiking, and adventure activities.

Key Takeaways

1. Encourage exploration – Let girls take the lead
2. Use camp experiences to help girls grow teamwork, independence, and courage.
3. Support every experience – Whether it's camp, STEM, or the outdoors, every moment helps girls grow in courage, confidence, and character.
4. Ask for help if you need it!
